Subject: Awareness regarding unauthorized Spiritual Activities being conducted in School

Dear Parents,

This is to bring to your kind attention to the information received from the Directorate of Education, that several cases in recent times have been reported, regarding certain institutions and individuals engaging in activities that may carry unauthorised spiritual or religious undertones under the guise of educational or wellness programs. **These cult spiritual leaders are a serious threat as they are misguiding and misleading impressionable young minds.** They are psychologically manipulating young followers into wrong things like abuse, exploitation and even confinement under the pretext of spirituality.

In this context, we would like to explicitly mention that our school does **not organize, promote, or associate with any form of cult spiritual sessions, preaching, or activities of a similar nature.** All co-curricular and extracurricular activities conducted in our School are aligned with educational goals, child development principles, and the guidelines issued by relevant authorities.

We urge all parents to exercise **vigilance and discretion** before enrolling their child in any external or associated sessions that are not directly organized by the school and are linked with the school that include cult spiritual or religious content.

This is a joint responsibility, and we rely on your cooperation to maintain the **secular integrity** of our educational environment. **This communication is intended to raise awareness regarding this matter.**

Warm regards,

Ms. Richa Sharma
Principal
